RE: Inventory Management Staffing Announcement

Dear Trade Partners,

Please join us in welcoming Amardeep Singh, who has joined the Inventory Management team as Inventory Replenishment Manager, Beer & Cider. He has been transitioning with the team over the past few weeks and will be assuming the role in its full capacity, effective today. Amardeep comes to us with extensive inventory and supply chain experience at Loblaw, and most recently as a Senior Process Analyst in the LCBO's Supply Chain Strategy & Continuous Improvement team. He can be reached at 416-365-2686 or amardeep.singh@lcbo.com.

Slaven Sopic, who has been acting in this position, will return to his home position on the European Wines inventory team as Order Specialist. Please join us in thanking Slaven for his contributions to the team. His contact information will remain the same: 416-864-6411 or slaven.sopic@lcbo.com.

In addition, we want to take this opportunity to thank Pearl Rayfield, who has been looking after the Order Specialist role while Slaven has been on a Career Development Opportunity. She will be returning to the Retail Division on Monday, June 17th. Please join us in thanking Pearl and wishing her well.

Best regards,

The Inventory Management Team
