INTRODUCTION

Overview

This Guide helps LCBO agents and suppliers use the New Item Submission System (NISS). NISS is a web-based tool that agents and suppliers can use to view LCBO ‘Product Needs’ letters and to submit their new products for review. The system allows the LCBO’s Product Management area to log, track and approve or decline the submissions. Agents/suppliers are notified via email of

any modifications to their application, and whether or not their product has been accepted or declined.

This Guide describes the steps to follow at the various stages of a product submission. It shows the web page that corresponds to that stage, and provides an explanation for each element appearing on the page.

Support

If you have questions that are not addressed by this Guide please do one of the following:

For technical questions, contact QLogitek in one of the following ways:

Name	Title	Telephone	Email
QLOGITEK			
(During working hours)	Helpdesk	1-800-699-8204 option 2 Mon – Fri; 8am – 5pm	Support.centre@qlogitek.com
(After working hours)	Helpdesk	1-800-699-8204 option 2 leave a voice message and it will be routed accordingly	Support.centre@qlogitek.com

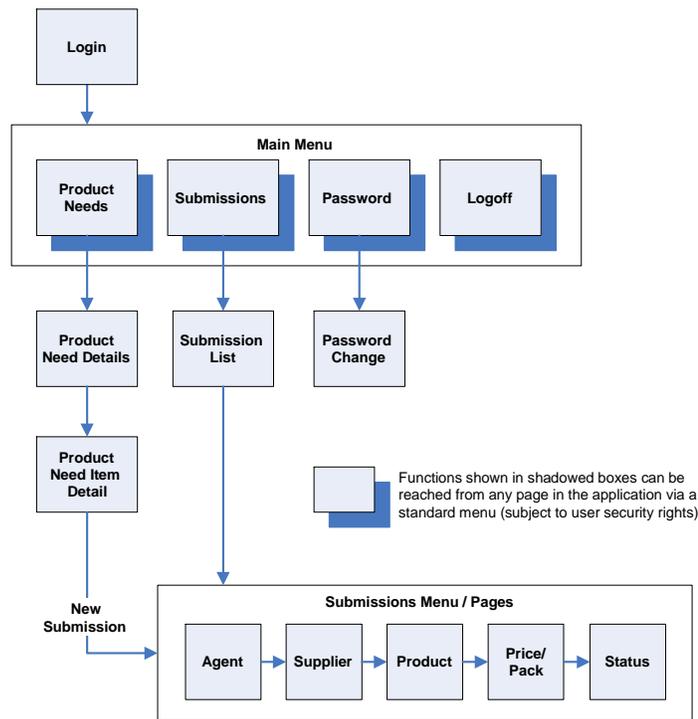

For business questions, contact the appropriate LCBO Business Unit:

LCBO			
General		416 - 365 - 5855	
Purchases:		416 - 365 - 5900	
VINTAGES:		Mon – Fri; 8:30 am – 4:30 pm	

NISS at a Glance

The diagram below provides an overview of NISS web pages. Once you are registered and authorized to access NISS, LCBO agents and suppliers can login to view, create, update, or cancel product submissions, and to view their status.

Once you login, you can navigate through all authorized web pages. Some elements on a page may be “greyed out” depending on the product category or status. Click the HELP hyperlink in the top right corner of each page to get specific information about using that page.

To Access NISS

Every NISS user must be registered and equipped with a proper user login id, password, and agent id.

To learn how to register, click on the “How to apply for access” menu item at the bottom of the NISS LOGIN page.

LOGIN

Overview: This is the entry page of the New Item Submission System (NISS). You need to key in your User Login Id (e.g. email address format) and your Password; then click on the LOGIN button.

LCBO

Welcome to the LCBO's New Item Submission System

User Id: Password: [LOGIN](#)

[Terms and Conditions](#) | [Privacy Statement](#) | [How to apply for access](#)

Item	Description
User Id	Your user login identifier provided by QLogitek when you register. This will be in an email format.
Password	A string of between 6 and 8 characters initially assigned by QLogitek. The password must be a combination of letters and numbers, and is case sensitive. You may change your password by clicking on Password on the main menu within NISS.
Login	When your password has been validated, click on this button to go to the first page of NISS. The first page will be the Product Need page.
Terms and Conditions	Click on this menu item for LCBO's terms and conditions which you can download and read.
Privacy Statement	Click on this menu item to go to the LCBO's privacy statement.
How to apply for access	Click on this menu item for a description of the User Registration process for NISS.

PASSWORD

Overview: This page allows you to change the password. A password consists of a string of six (6) to (8) characters. It must be a combination of letters and numbers and is case sensitive.

In case you forget your password, you can have it reset by calling 1800-699-8204. The QLogitek Support Centre will ask you the secret question on record for you, to which you must respond with the secret answer.

Note: Your new password will be emailed to you. It will not be given out over the telephone.

First Time Use

After receiving the user login identifier and initial password from QLogitek, new users should immediately change the login password after logging in the first time.

This should be done at all times that the user requests the password to be reset. New agents can still make submissions without having an agent number, but will have to fill in all the agent details on the Agent Page of the product submission.

<div data-bbox="472 1276 1425 1829"> <p>LCBO Product Needs Submissions PASSWORD Logoff </p> <hr/> <p>PASSWORD CHANGE</p> <p>* indicates a mandatory field</p> <p>Name: * <input type="text" value="Andy Agent"/></p> <p>User ID: * <input type="text" value="s_andy.agent@agency.ca"/></p> <p>Old Password: * <input type="password"/></p> <p>New Password: * <input type="password"/></p> <p>Repeat Password: * <input type="password"/></p> <p style="text-align: center;"><input type="button" value="SAVE"/></p> <p>New Item Submission System (NISS), v1.04 Trade Resources Web Page</p> <p style="text-align: right;"></p> </div>

PRODUCT SUBMISSION

To Initiate a Submission:

1. Select the desired product need by clicking on the button next to the product need ID number (Product Need List Page).
2. A list of product need items will be displayed.
3. Select the desired product need item (Product Need Item List Page).
4. Review the details of the Product Needs Item to check that it is the one for which you wish to submit a product (Product Need Item Detail Page).
5. Click the “New Submission” button to proceed (Product Need Item Detail Page).

6. You will be presented with a screen to initiate the entry of the Agent details. This screen has five tabs for entry of data and viewing the history of status changes on the submission (Submission – Agent Page).

To Complete or Update a Submission:

1. To complete a submission, you are required to fill in the information about the Agent, Supplier, Product, and Price/Pack on the corresponding pages. You should save your submission information as you finish each page. This will allow you to see any error messages relating to that page, and to correct the errors before moving on to the next page. To print or save the submission form, you will need Acrobat Reader 6.0. This is available from a link on the NISS page of Trade Resources Online.
2. While a submission shows “New Submission” status, you can still withdraw that submission. When a submission is accepted, you will not be able to withdraw the submission. You can view the Status of a submission through the Submission Menu (Submission List Page).
3. When it is time to submit a sample, you can print a submission form from the Agent, Supplier, Product, or Price/Pack page. To print or save the submission form, you will need Acrobat Reader 6.0. This is available from a link on the NISS page of Trade Resources Online. You will attach this form to your product sample and drop it off at the LCBO office on or before the due date. To determine whether your sample has been received, check the Submission Status Page for the “Sample Received” status.

IMPORTANT

- If the application is not used for 60 minutes, it will time out. You will lose any unsaved work and will have to log-in again.
- Don't forget to save your work throughout your work session. Click on the save button to ensure that your work is not lost.
- Some LCBO database information may override several data items in NISS. For instance, you cannot change the phone number. If you change other details such as phone numbers, addresses, etc. you must make sure

that the changes are reflected on the database by contacting LCBO. You cannot change or correct database details from NISS.

- LCBO sets a maximum number of submissions per product need item, per agent. For example, if the maximum number of submissions is two, an agent or a supplier can only submit two products for the specific product need item. LCBO staff can submit a product on behalf of agent or supplier when authorized.
- The product submission status changes over time to reflect where it is in the review/submission cycle.
- Once a submission is saved, it counts towards the maximum number allowed.

PRODUCT NEED LIST

Depending on what type of NISS user you are, you will likely start from the Product Need List page. This page allows you to browse product needs and serves as a launching pad to submit a new product to the LCBO. When on this page, you can do one of the following:

1. Submit a product.
2. Review your list of current product submissions.
3. Change password.
4. Log off (Logoff Screen).

PRODUCT NEED ITEM LIST

Overview: You select a product need item on this page to view the details of the product required, and to initiate a product submission.

<p>The screenshot shows the LCBO Product Needs interface. At the top, there are navigation links: Submissions, Password, and Logoff. Below this, the 'PRODUCT NEED' section displays ID: 2721 and a description: 'Special Needs Spring Product Needs'. The 'Product Need Category' is set to 'Special Markets'. A 'CANCEL/RETURN' button is visible. Below this is the 'PRODUCT NEED ITEMS' section, which contains a table with columns for ID, Description, Sample Due, and Submissions. The table lists two items: ID 80 'Fancy Gift Package Vodkas' due 12-Sep-2005, and ID 81 'Vodka Coolers' due 12-Aug-2005. At the bottom of the screenshot, it says 'New Item Submission System (NISS), v1.04 Trade Resources Web Page' and the LOBIZ logo.</p>	
Item	Description
Common: - Function Menu	
ID	The general product need identification number.
Product Need Description	Description of the general product need.

Product Need Category	Category in which the general product need falls.			
Common: - Record Command Buttons				
Common: - Item Selection				
ID	Product need item identification number assigned by NISS.			
Presub (not shown)	Applies to VINTAGES needs only, and is the date by which a pre-submission should be submitted to NISS.			
Sample Due	The date by which a product sample must arrive at LCBO.			
Tasting (not shown)	Applies to VINTAGES needs only, and is the planned date for tasting submitted products.			
Submissions	Number of products submitted for that product need item.

SUBMISSION LIST

Overview: This page lists your current product submissions, and permits you to filter the list to view only specific types of submissions.

To view your current list of Product Submissions:

1. Click on the Submissions option on the main menu.
2. A list of your product submissions will be displayed.

- Select the desired product submission by clicking on the box to the left of it, or on the Product Submission ID number next to it.

You may also filter the list by selecting a Product Need from the drop-down list at the top of the page, or by selecting a specific submission by its submission ID. After either of these actions, click on the Apply Filter button to filter the list.

Submission Status Check

The following table shows the status for each stage of a product submission.

Status	Action
1. Incomplete Product Submission	Shows when any validation checks have failed on product submission. The agent can edit and resubmit as necessary. Changes must be completed by the submission due date. Incomplete product submissions will have their status changed to “Closed” after the presubmission or sample due date passes.

- 2. New Product Submission
Shows for General Purchases product submissions that have passed all validation checks.

Once the LCBO Business Unit has changed the status, the agent/supplier will not be able to make any further changes, but will be able to see the status and the information that they have entered.
- 3. New Presubmission
Shows when VINTAGES product submissions have passed all validation checks.

The same rules apply here as shown under New Product Submission.
- 4. Submission Cancelled
An agent or supplier can cancel a submission only if the status shows Incomplete, New Product Submission, or New Pre-submission.
- 5. Pre-submission Accepted
Shows when a VINTAGES pre-submission has been accepted for further consideration. The agent / supplier is automatically notified by email of the pre-submission acceptance. The agent may now submit, on the due date, a product sample with a printed copy of the product review form.

Status	Action
6. Pre-submission Declined	Shows when a VINTAGES pre-submission has been declined for further consideration.
7. Sample Received	Shows when the LCBO Business Unit receives the product sample with the printed product review form.
8. Scheduled for Tasting	Shows when the LCBO’s Quality Services department schedules the sample for tasting.
9. Tasting Waived	Shows when the LCBO’s Quality Assurance or Business Unit staff determine that the sample does not require tasting.
10. Tasted	Shows when the product has been tasted.

- 11. Submission Accepted to Proceed Shows when the LCBO Business Unit accepts the product for further consideration. The agent or supplier will be notified by email.
- 12. Submission Declined Shows when the LCBO Business Unit declines the product submission. The agent or supplier will be notified by email.
- 13. Sample Ready for Lab Testing Shows when LCBO Business Unit sends the sample to the lab.
- 14. Sample is Outdated Shows if the original sample becomes outdated. The agent or supplier may be required to submit another sample.
- 15. Initiate Product Set-up Shows when the LCBO Business Unit processes the submission to set it up on their database.
- 16. Product Set-up Initiated Shows when the product information has been sent to the database.
- 17. Product Setup Completed Shows when the database confirms that it has set up the product.

Status	Action
18. Product Setup Bypassed	Shows when the LCBO by-passes the product set-up activities. This occurs if the product already exists on the database.
19. Product Set-up Withdrawn	<p>This is an internal LCBO status.</p> <p>If, as an agent, you wish to cancel a submission, this can be done at any time prior to the closing date for the need item, as long as the submission has not yet been “Accepted to Proceed”.</p> <p>To cancel a submission, select the “Delete” button on the “Submissions” screen. To cancel a submission after it has been “Accepted to Proceed”, please contact your LCBO product representative.</p>

20. Closed Shows when there is no further action to be taken on a product submission. This status will remove it from the visible product submissions.

SUBMISSION – AGENT

Overview: This screen allows you to enter agent information or to verify that your agent information is correct.

If you are an unregistered agent, you may fill in information on the screen. If your product application has been accepted, and the LCBO decides to purchase your product, you must register by emailing the appropriate Business Unit contact.

Registered agents will have their information appear as entered on the LCBO's database. Contact the appropriate LCBO Business Unit if changes are required. Registered agents will be able to fill in the name and email of the contact representing a product submission.

You should save your submission information as you finish the page. This will allow you to see any error messages relating to the page, and to correct the errors before moving on to the next page. To print or save the submission form, you will need Acrobat Reader 6.0. This is available from a link on the NISS page of Trade Resources Online.

Agent Name	Name of the agent.
Contact Name	The name of the contact person working for the agent.
Address	The address of the agent.
City, Province and Postal Code	The name of the city, province with postal code where the agent resides.
Phone Number	The voice phone number by which the agent contact person can be reached. Please use a dash to separate area code, exchange and sequence number (e.g. 011-789-4567-1234 or 1-905-475-5678).
Fax Number	The telephone number to which the LCBO can fax a document. Please use a dash to separate area code, exchange and sequence number (e.g. 011-789-4567-1234 or 1-905-475-5678).
Email Address	This is the email address to which any notifications concerning your product submission will be sent.
Common: - Record Command Buttons	

SUBMISSION – SUPPLIER

Overview: The agent who submits a product for consideration by the LCBO provides information about the supplier that the agency represents.

You should save your submission information as you finish the page. This will allow you to see any error messages relating to the page, and to correct the errors before moving on to the next page. To print or save the submission form, you will need Acrobat Reader 6.0. This is available from a link on the NISS page of Trade Resources Online.

LOGOFF

Overview: When you click on the Signoff menu item, this screen will be displayed to confirm that you have been signed off. You should close your browser to ensure that no information on your NISS session is retained in your computer's memory.

GLOSSARY OF KEY TERMS

Term	Definition
Agent	"Agent" refers to the representative of the supplier / manufacturer, licenced by the Alcohol and Gaming Commission of Ontario (AGCO). An agent may work directly for a single supplier or may represent several simultaneously. The LCBO will deal only with agents directly appointed in writing by a supplier. Any subagents who are subsequently appointed by agents and who are not direct appointees of a supplier will not be recognized by the LCBO. A supplier may authorize an agent to set price quotations or payment terms on their behalf. The LCBO recognizes the agent's authority to act on this basis only with express written authorization from the supplier. When an arrangement such as this is made in writing, it will continue to be effective until the LCBO receives express written instructions to the contrary from the supplier.
Product Need	A letter set up by the applicable LCBO Business Unit or category requesting new product submissions.
Product Need Item	The specific Business Unit or product category in which product submissions are invited.
Submission	A product offering to the LCBO by an agent / supplier against a product need item.
Supplier	"Supplier" generally refers to the manufacturer or producer of a product. This includes the distiller, brewer, wine maker and anyone from whom the LCBO agrees to purchase liquor. The supplier must generally carry out a substantial part of the manufacturing process, and in all cases, must have full legal rights to sell the product. Suppliers must comply with applicable liquor laws, regulations, and the terms and conditions of the LCBO purchase order. Suppliers must also comply with the advertising guidelines of the Alcohol and Gaming Commission of Ontario (AGCO).

PROCESS DESCRIPTIONS

For further information about processes in NISS, please click on one of the following links:

NISS MENUS AND COMMANDS

This is a list of menus, functions and commands that you will find on the NISS web pages.

Common Items

The following elements are common to most NISS pages.

- [Function Menu](#)
- [Submission Sub-Menu](#)
- [Record Command Buttons](#)
- [Page Navigation](#)
- [Item Selection](#)
- [Warnings & Error Messages](#)

Function Menu

The screenshot shows a navigation bar with the LCBO logo on the left. To the right of the logo are five items: 'PRODUCT NEEDS' (in green), 'Submissions', 'Password', 'Logoff', and a question mark icon (in green).

The function menu consists of five items. The item will be shown in upper case and in bold when you are working with that particular function.

- **Product Needs:** - Click to go to the Product Needs list.
- **Submissions:** - Click to go to the Submission List.
- **Password:** - Click to go to the Password Change page.
- **Logoff:** - Click to log out of NISS
- **Help:** - Click to launch a help page. It will describe how to use the page that you are working on.

Submission Sub-Menu

The screenshot shows a horizontal navigation bar with five items: 'Agent', 'Supplier', 'Product', 'Price/Pack', and 'Status'. The 'Agent' item is highlighted in a light green background.

The submission menu consists of five items. The item will be shown in bold when you are working with submission information, or a submission activity.

- **Agent:** - Click to see the agent information page.
- **Supplier:** - Click to see the supplier information page.
- **Product:** - Click to see the product information page.
- **Price/Pack:** - Click to see the price and package information page.
- **Status:** - Click to see the status page. It shows the history of status changes on the product submission.

Record Command Buttons

Above is a partial set of command buttons to save, cancel, delete, or print information on a page. Not every page will have all of these buttons.

- **SAVE:** - Click to save what you entered into the database.
- **CANCEL:** - When you click on this button, your work will not be saved and NISS will take you back to the page where you came from.
- **DELETE:** - Click to delete the record in the database.
- **PRINT:** - Click on this button in the submission pages to print a product review form for the submitted product.

Page Navigation

- **First:** - Click to see the first page of a list of records.
- **Previous:** - Click to see the previous page of records.
- **Next:** - Click to see the next page of records.
- **Last:** - Click to see the last page of records.
- **Page:** - You may select a page number from the drop down list, and NISS will show you the specific page of records.

Item Selection

PRODUCT NEED ITEMS

ID	Description	Sample Due	Submissions
167	Korean Beer	08-Aug-2005	
168	Autumn Ales (i.e. Belgian and English styles)	07-Oct-2005	
171	Winter Warmers (i.e. Barley Wine, Bock, Strong Ale)	06-Jan-2006	
172	Beer Ad-hoc	31-Mar-2006	

Some pages show multiple records. If the heading is in blue and you click on it, NISS will sort the records in reverse order. By clicking on the button to the left of an item, NISS will take you to a page for you to work on the selected record. By clicking on a button at the end of an item, NISS will take you to a page to do further work on that item. If the item number is shown in blue, you may also click on the number to work on that item.

Warnings & Error Messages

When you save a data item that is invalid, or is mandatory and has not been entered, NISS will display a message in red, near the top of the screen. When this occurs during a product submission, the message relates to the current page. NISS will also tell you if there is any missing or invalid data on other pages for the submission, although it will not say which specific elements are causing the problem. To see the messages for these other pages, you will need to go to that page, and click on the Save button.

When an error is serious and it is outside the user's control, a message will automatically be sent to NISS technical support to resolve the problem.
