Notes:

- 1) No quotes are provided for areas in which the LCBO has less than 10 orders in a calendar year.
- 2) For areas that have established Excellar quotes the suggested order quantity must be ordered. Any orders placed for less than the suggested order quantity will result in a higher freight cost.
- 3) The LCBO cannot guarantee that each country/consolidation facility will at any given time have sufficient order quantities to allow for a consolidation. Insufficient volumes or case quantities from a consolidation facility may result in additional freight costs being applicable.
- 4) Suggested order is simply a recovery of the minimum Excellar charge at a specific consolidation location, i.e. when the average order size decreases, the suggested order quantity increases to recover the minimum charge assuming no change in the underlying rates.
- 5) Standard Freight Rates will be applied to Vintages Non-Essential and Specialty Services orders that are less than 500 cases. Orders 500 cases or greater will be assigned the actual freight cost.
